

SUNDAY SCHOOLS SHOW INCREASE

Reports from 27 Sunday schools showed a net gain of 1,572 in attendance Sunday over their attendance for the same Sunday of 1919. It was announced at the summer Sunday school attendance contest headquarters in the Y. M. C. A. building.

Nearly 40 schools had reported Tuesday morning, but some of the reports did not indicate the attendance for last year so could not be included in the totals given here.

Decatur Street Christian church again led all the schools in the greatest per cent gain.

The contest, which started the first Sunday in July, will continue through August. Similar contests are being conducted in all the larger cities of the state this summer, and a banner will be awarded to the city which shows the greatest per cent increase in attendance as compared with the attendance of last year.

The attendance for the second Sunday of July for the schools reporting was:

TO VOTE ON REPEAL OF POOLROOM ORDINANCE

CRYSTAL SPRINGS, Miss., July 13. (SPL.)—The matter of permitting the poolrooms in the town is agitating the political and religious mind of the town quite a good deal.

The poolroom operators requested the board of aldermen to repeal the ordinance prohibiting the poolrooms from operating in town. The board declined to do this, and then the poolroom adherents asked the mayor and board to submit the question to the voters at the municipal election, which is to be held on July 20. The mayor and board considered this proposition, but finally pointed out to the poolroom people that the law provides for a referendum on all objectionable ordinances, and will decline to repeal the ordinance unless the election on the referendum is in favor of its repeal, which will mean the continuation of the poolrooms for the next two years.

The poolroom operators will have no difficulty in getting their petition signed by the 20 per cent of the qualified voters, they claim, which will force the board under the law to call the election.

PINE BLUFF, Ark., July 13. (SPL.)—Information from Rison, Monday afternoon says John A. Rankin, former Pine Bluff police officer, who killed N. H. McChesley, a section foreman at Kingsland Saturday, was still at large. The sheriff's office, keeping in touch with posse searching for Rankin, had not been informed of his capture, and officers there say there is no clew as to where he might be.

We Would Know Nothing of Astronomy, of the Distant Planets and Constellations If There Was No Glass

The powerful telescopes of Astronomers would be utterly useless but for the GLASS LENSES. Our generation would be in utter ignorance of the Sun, Moon and Stars if glass had never been discovered. Also our day and generation would be one of "fumbler" and inefficient, clumsy, near-sighted, far-sighted and weak visioned individuals but for glass.

EYEGASSES have been the insurance policy, the preserver of vision. Do you need them?

Hot Days Trying On Elderly Folks

Sluggish, languid, constipated feeling is quickly removed by Dr. Caldwell's Syrup Pepsin

THOSE who are past the prime of life know the discomforts of hot weather. Exercise is tiring, and constant sitting around soon brings constipation. It is especially dangerous for elderly people to allow constipation to continue for it creates poisons in the system that may bring on a serious illness.

If you pass a single day without full and free elimination, do so many thousands of elderly folks do and at once take a teaspoonful of Dr. Caldwell's Syrup Pepsin, and you will find prompt relief. It is only by doing this that you can be sure of feeling well. You must not trust constipation to correct itself.

Dr. Caldwell's Syrup Pepsin is particularly suited to elderly people as it is a combination of simple laxative herbs with pepsin that acts gently and without griping. Unlike so many medicines, it can be used exclusively without loss.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

CONTINUED MERGER OF EXPRESS LINES ASKED

WASHINGTON, July 13.—Approval of the interstate commerce commission was asked Tuesday by the American Railway Express company of its continued operation as a consolidation of the Adams Express company, American Express company, Wells-Fargo & Co. and the Southern Express company. George C. Taylor, of New York, president of the consolidated organization, said \$11,000,000 was needed for equipment and additions to existing facilities. The union could be obtained from bankers, he said, if the consolidation was continued, but it would be difficult for the constituent companies to finance themselves.
